# SCHOOL SONG

Dear Old Trafalgar
Hear thou our hymn of praise.
Hearts full of love we raise
Proudly to thee.
Thy splendour never falls,
Truth dwells within thy walls,
Thy beauty still enthralls
Dear Trafalgar.

Through thee we honour
Truth, virtue, loveliness.
Thy friendships e'er possess
Our constancy.
Thy spirit fills us through,
So we'll be ever true
To our dear blue and blue
Of Trafalgar.

O! Alma Mater:
How can we from thee part?
Thou only hast our heart
Dearest of schools.
Thy glory we shall see
Wherever we may be,
Still love of Trafalgar.
Our future rules.

# SCHOOL HISTORY

Built in 1859 by the flamboyant Sheriff of Ontario County, Nelson Gilbert "Iron" Reynolds, Trafalgar Castle remains a unique Canadian treasure. Designed by the Toronto architect Joseph Sheard, the Castle was built of limestone and stone in the Elizabethan style. It boasts 15 towers, secret passageways, a tunnel to Lake Ontario, and was reputed to have cost an astounding $70,000. Guarded by the stone Trafalgar Lions, the main entrance doors of solid oak lead into a wide hallway some 105 feet long. This central hall faces a massive carved oak staircase dominated by four magnificent stained glass windows incorporating the coats-of-arms of England, Scotland, Canada and the Reynolds families. There were 73 separate apartments and many of the materials and furnishings were imported from Europe. The Castle was lit by gaslight, manufactured in its own gashouse on the extensive grounds. Some of the fine marble fireplaces were carved by Jonathon Wolfenden of Whitby. Nelson Reynolds fathered twenty four children with two wives. An officer in the 11th Lancers of England, Nelson Reynolds was elected to the Legislative Assembly of Upper Canada. He prospered as the President of the Marmora Foundry, and was involved in banking, mercantile business, railroads and shipping. During their years in residence, the Reynolds lived and entertained lavishly. The glittering receptions and balls made Trafalgar Castle the centre of society and numbered among its guests, the Prince Arthur, third son of Queen Victoria, and later, the Duke of Connaught, who became Governor General of Canada. Beset with financial difficulties, Reynolds was forced to sell his dream home to the Methodist Church. In 1874 Trafalgar Castle became the Ontario Ladies' College, an exclusive residential school for young ladies. Nelson Reynolds served on the Board of Directors until his death in 1881. More than 100 years later, O.L.C. was renamed Trafalgar Castle School, and remains to this day a school for young ladies.

# PRINCIPAL'S MESSAGE

Technology

This year could perhaps be termed "The Year of E-mail and Power Point" in recognition of the way Trafalgar students have adopted technology into their lives. Our Project Room, Resource Centre and any classroom that has a computer in it has usually been occupied by students hard at work on the machines. When the school and residences were fully networked in the summer of 1997 we could hardly imagine the enthusiastic response of our students to the opportunities this infrastructure presented. It is critical that our graduates are familiar and comfortable with technology, as it is a reality of everyday life in today's contemporary global society.

What makes Trafalgar Castle School a special place in today's technological society is the continuing importance of personal relationships, both academically and in an extra-curricular sense. The school this year has been an exciting and vibrant place to learn. This environment has been created through the enthusiasm and energy of our students as they pursue their academics and extra-curricular activities. They have been supported in their endeavours by a competent and caring staff and no yearbook would be complete without a special thanks to teachers.

What triumphs we have witnessed this year in very human ways! The coming together of the school on Camping Weekend, the participation of two-thirds of the school in House Plays, one-third of the school on the Honour Roll by Christmas, the marvelous music and arts events throughout the year and the dedication of our school athletes leading to many hard-earned victories. This has been a year filled with new friendships, team building and personal growth on many levels.

And so we blend the rest of the new technology with the always important human element in our school. Congratulations to all our graduates and adieu to those who leave us this year. May you always carry good memories of your time at Trafalgar Castle School.

Mr. Briggs

# VICE PRINCIPALS

Dear Students,

This year's theme of Information Technology is an appropriate one as the Trafalgar Castle School community has forged ahead in this area more than any other in the 1997/98 academic year. Our school's infrastructure to support IT use throughout the school has been exceptional, with all classrooms and residence rooms completely wired. Use of IT in academic courses has been at an all time high this year! Computers have been in high demand throughout the school all year too! Power Point became a VERY familiar IT word in every student's operating vocabulary this year!

Underlying these developments in our school has been part of our school's mission, to prepare young women for a satisfying and successful life of achievement in a contemporary global society. It is always important to remember that IT is just one of a number of tools which students use in their academic studies as they pursue their academic goals. I remember when I graduated from high school and headed off to university with my state of the art scientific calculator! Now our graduates will be leaving our school and heading for college or university with their own lap-tops and armed with the IT technology skills needed! My how times have changed so quickly!

I urge all of you to continue to develop your skills in using IT for practical and productive purposes, especially related to your academics. Also, continue to share your developing skills with your peers. This is how we can all learn from each other, the multitude of capabilities which the computer and its software can offer us.

To the Grads of the Class of 1998, I want to wish you every success in your future as you pursue your education and career goals. Keep in touch with us using your IT skills by sending us your e-mail address and corresponding with us. Your feedback is always welcome and we are interested in knowing about your activities and successes. Good luck and be happy!

Sincerely

J. Brian McClure
Vice-Principal / Academics

What a year this has been! As I reflect back on the last ten months I am astounded at how much has been accomplished and our school's uncanny ability to fit so much activity into such a short time span.

It certainly has been the year of "Information Technology" in the Castle. The staff and the students have been inundated with new technology and hands-on experiences. Network links, home directories, Power Point presentations, new software programs and daily communication via E-mail have all been new experiences for me and I would like to thank not only the staff but in many cases the students for patiently helping me make sense of this new technological age. It is a reflection of this school's wonderful sense of community when we can work together through such challenges and opportunities presented in the new technology.

On a personal note, I have been very fortunate this year to have experienced some wonderful professional opportunities and challenges through my new job as Vice-Principal As I have said to many people who have asked, my personal growth curve this year has been steep and I have valued the opportunity to experience school life at an administrative level. To this end I would like to sincerely thank Mr. McClure and Mr. Briggs for their continual support, valued friendship and helpful guidance throughout the year.

One of the greatest observations I have made this year is the resiliency of our students. To the boarders, my sincerest congratulations for so successfully transplanting yourselves to your new home at Trafalgar. For many of you this has meant adapting to a new culture and country and I find myself in awe of your abilities to make this transition so smoothly. To the daygirls in the school, my thanks to all of you for adjusting to my new role in the school so well and for being supportive of new responsibilities and challenges.

I would like to thank Mrs. Pollitt, Cassandra, Twinky and all of the yearbook staff for producing such a wonderful collection of memories for all of us to cherish in the coming years. The countless hours spent in producing such a fine work often go unnoticed. Be assured that the entire school community appreciates all your hard word and dedication.

And finally to the graduates, my sincerest best wishes for optimal growth through personal and academic challenges that will present themselves in the future. This world has abundant opportunities, especially for such a fine group of talented, self-assured individuals as yourselves. Do not be afraid of change: embrace it and you will be all the better person for it. I would like to take this opportunity to wish and each and every one of you in the graduating class of 1998 every success in the future. Live life to the fullest and the rewards will be innumerable.

Affectionately

Mrs. Campbell
Vice-Principal / School Life

# HEAD GIRL AND GAP STUDENTS

## HEAD GIRL - TISHYA MEHTA

Wow! I've got 350 words to write about all the awesome things that have gone on this year, all the incredible stuff I've learned and all the lasting friendships that we've formed. How do you sum up an entire year in just 350 words and on top of that, make sure that those words are spelled right and put together in a grammatically correct way?!? Boy, of all the challenges that have arisen this year I must admit, saying good-bye is the most difficult of all. It's hard to believe that the year is almost over. It seems like just yesterday, the residence halls were filled with nervous but eager people moving into what they would call home away from home. The opportunity for friendship, knowledge, leadership and growth at Trafalgar is incredible. We have all grown so much together and in this time have developed true friendships around the world. Where else can you do this? We have all come from different areas but have come together here at TRAF. We have shared our laughter and tears throughout the year and left our mark on the old walls of the castle for the future students to see. Now it's time to make new marks in different places. Whether we'll be back at Trafalgar in September or embarking on a new adventure, there are always more marks to be made.

This year has been a blast and boarding has been a new and incredible experience. I am grateful to have had the opportunity to appreciate Trafalgar from a boarder's point of view.

Good food and bad food. Passing tests and failing tests. Sunny days and cloudy days. It all seems okay when you're with your friends. It's so hard to see such a great period of your life come to an end and but as the song goes,

*"Every new beginning comes from some other's beginning's end"*

*"Closing Time" - SemiSonic*

Thanks for the memories...

## GAP STUDENT - MISS MONK

Wow! I can't believe that my year at Trafalgar is almost over - I'm sure every GAP student writes this in the yearbook but it's true! I've had such a wonderful time and experienced so many new things. I suppose the main one has been actually living at school and experiencing "residential life" for the first time and amongst so many cultures. Upper Main will always have a dear place in my heart as will the stuffed birds and the never-ending beeping of Agnes' alarm clock!!

Another great thing about this year is all the travelling I've been able to do (thanks mainly to Ms. Bew and her car!) Disney World was a must, of course -finally I can say I've been there. In Canada, the lakes will always stay vivid in my memory - just the way I always imagined Canada to be.

One thing I've discovered is that our English isn't quite the same as Canadian English. I've had many confused looks as I've asked for Tip-ex (whiteout), or where I can find the loo (washroom). Equally I've had no idea when asked to nuke something.

Overall, it has been one of the best years of my life and I've made so many new friends. Many thanks to Mrs. Talent, Mrs. Sigsworth, Mrs. Pollitt and especially Mr. Southwell who has always been willing to let me loose on his class! Everyone has made me so welcome this year. Thank you all for having me!

## GAP STUDENT - TANIA MOORING

I know that quite a few people were a little confused as to who this second English girl was when I first arrived in January. "Special Agent" I believe Ms. Craig wrote on the floor plan for Upper Main. Well, I've certainly had many interesting missions since then...

How could I ever forget that week at Queen's with the E=MC2 group? Frequenting the Sleepless Goat and making devious get-aways from characters such as Psycho, Spencer et al. I loved being part of such a jumble of people - each of us finding new bonds of friendship and, in my case, learning some of the rudiments of being a supervisor. I have such respect for the Dons, let me tell you! (-:

I will always remember the warmth and friendship I have found within the walls of the Castle. The Dons and of course Ms. Stickney (without whom we in the Bird tower would have been sorely lacking in laughs) have been fantastic - from taking me into their homes to being a dogged swimming companion (the challenge of finding 3 viable swimming lanes for Ms. Craig, Agnes Lai and myself will remain unsolved) they have really been the best possible ambassadors of Canadian spirit. My experience at Trafalgar has also brought me a new English friend - Ros. What better testament to the welcoming atmosphere here than a life-long friendship. made the Canadian way!

I would like to thank everyone who has helped me find my feet here in Canada. Mrs. Metz in the Office for her guidance and Mrs. Talent for giving in to afternoons off and trips to the Zoo. Thank you also, Mr. Briggs for answering that fax out of the blue and for taking a chance on a different kind of Gap student!

With the fondest memories and much love,

Tania Mooring

## CASSANDRA WONG

The theme for this yearbook is the Internet. As our school continues to use Information Technology, fondly called IT, it did seem appropriate to use this as our theme.

I would like to thank Mrs. Pollitt for giving me the opportunity to once again be co-editor of this book. I would like to thank her for all her hard work and energy in completing this book. I would also like to thank my co-editor, Twinky Sharma. I would be quite remiss if I did not thank several of the people who helped me to finish the book: Mrs. Metselaar, Karen Chin, Fiona Poon, Natalie Chan, Nicole Park and Mr. J. Blake of Canada Yearbook.

These two years have been full of hard work and endless hours of producing layouts and copy. I hope that you enjoy this yearbook, this compilation of some of the memories of this year. Good luck to Erica Han, the editor of next year's book.

ABOVE: Nicole Park and Jenny Mueller are caught by the camera.
BELOW: Mrs. Pollitt, Erika Lodge, Kailan Ambrose and Lindsey Goodchild enjoy Senior Dinner.

## TWINKY SHARMA

As one of the co-editors of the yearbook this year, I am very grateful to Mrs. Pollitt who has given me this opportunity. I would also like to thank Cassandra Wong who has helped me so much. She was always there to explain things to me. I have learned so much from both Cassandra and Mrs. Pollitt.

In the beginning I did not think that producing a yearbook was such a daunting task. When you look at this book, this final product, enjoy, reminisce, and treasure these pages. These pages represent in excess of three hundred person hours of work.

## SUNG-EUN KIM

Hi, everybody. It was like yesterday, when I came to this school with my parents and my sister Hee-Sun. When we arrived here, we felt, "Wow, this school is really pretty!!"

Someone showed us around school; we didn't know where we were. My year at Trafalgar was fun, and passed very quickly. Memories of my time at Trafalgar will stay with me forever. As time goes by, these beautiful memories will fade away, but I will miss it all. I will also miss the teachers and dons. It is time to say good-bye to all of you. Thank you Daddy and Mommy. Gonna miss you all ^.^

## AGNES LAI

Time passes by so quickly and I will be leaving Trafalgar very soon. I will really miss Trafalgar because I have learned a lot of things in my two years here. It has been really fun. Life is interesting at Trafalgar and it is really wonderful to live with your friends in residence. You can learn a lot at Trafalgar. You learn how to take care of yourself because you are living in residence. I made many good friends at Trafalgar. Karen is a good girl. Susana is a nice and helpful girl. Charron is a strong and smart girl. Vanessa is a cute girl. Joey is a very nice girl and she is very kind to me. Queenie is a very sincere, kind girl and a really good friend.

## CHRISTINE LAM

On my first day at Trafalgar, everything was totally strange, especially as English is my second language. But as the time goes with the nice people, there are more and more good things about Trafalgar, which come into my mind.

What I have learned from these years includes becoming more mature and being strong no matter how big the problems are. I would like to thank my parents, sister, brother and my good friends Tammy, Noelle, Joyce, Kay, Charron and especially Mrs. Sigsworth for giving me a lot of advice and encouragement. They always stood beside me through problems and difficulties.

For me, the time has come to make a change. I will treasure my memories of this place - and each of you as long as I live. Through these four years, all the happy and unhappy things have taught me a great deal. Miss You All!!!!

## AMANDA LIAO

Amanda has made great contributions to the Trafalgar Castle environment. She was a strong member of the track and field team, specializing in javelin and shotput. She boarded at the school, and lives in Taiwan. She will be remembered as a friendly, happy and hard-working student at the school and will be greatly missed next year. She plans to attend Ryerson in Toronto and attain a career in computer science.

## HANA LEE

WOW!! "Time goes so fast". I have learned and experienced so much since I came here. I would like to say thank you to my mom and dad who always love and support me. "I love you, MOM and DAD!!" Special thanks to LITTLE PRINCESS and her PRINCE: TIGGER. Wouldn't be able to bounce with you guys.

Time slips by so quickly. I really can't believe that I am about to leave. TCS has somehow paved my way to maturity. I can still clearly remember the first day I entered this school; my eyes were full of tears. Now, I am about to leave. Thanks Mom and Dad, for sending me here. Mom, I'm done! Thanks Ron for your care and being a wonderful tutor. Kennie, being my "cool" roommate, thanks for your company. April and Vivian, don't forget the wonderful time at PJ's. All the times we spent in Thisbe's room when we should have been at class...oops! The good old days when we went out and we had to hold Erica's hand to help her cross the road. Jenn and Kera, I will miss you guys...the rest of the world beware of that tag team.

To all the others like Charmaine...thanks for the tutoring sessions, every day, every night. All my other friends, too many to name...ha! Ha! luv u guys!!

## NICOLE SCOTT

The greatest advice I received was "Go big or go home". Listen, my rat does not want a balloon ride. Chris is the mellowest person until she straps on a snowboard. Thanks for keeping me sane! I couldn't have done it with out you. Mr. Noodles all day every day. Glove and walks, Cruisin'. Tishya, give it up. Keep it simple it's easier that way. No, you are one funny girl. Tostitos. I want to thank my mom and dad for letting me come here. (Don't worry I won't be a teenager for too much longer). Thanks to everyone for all the memories. Live for yourself because no one else can. No matter what happens we will be the last people we forget because we were the first ones here. Don't let anyone tell you otherwise. We are cool.

## TWINKY SHARMA

Time really flies. My two years at Trafalgar have passed so quickly. I cannot believe that it is time for me to leave this wonderful castle and take another journey in life. I have learnt a lot here. I would like to take this opportunity to thank all the teachers who have been very caring and patient. I have also made new friends and I thank them for the time they have shared with me. Most important of all, I would like to thank my parents for giving me this opportunity to study here at Trafalgar Castle School.

Thanks Mom and Dad for always being there to give me support. To Trafalgar, I will never forget any one of you and I will miss you all. I wish you all the best in the future and don't ever forget that there was once a girl named Twinky who was a part of Trafalgar's community.

In these two years at Trafalgar Castle School. I have met so many people, but few, it seems to me. I have shared the kind of friendship, that ours has grown to be. Time to look back on all you have done, the learning, the growing, the laughter, the fun. Time to look forward to every good thing. So here's a graduation wish: "For joy your life through-because I'm thankful to have found such special friends".

From mastering the Jock Jam air band, to Half Time at Halcyon day (Hi!), soccer, basketball, volleyball, floor hockey and winning the swim meet it's been a blast. I hope it's been a fun year for everyone I'd like to congratulate everyone on excellent house spirit and participation. Julia THANKS for all the help, you've been awesome. All the best for next year. Good Luck to next year's crew. "Forever hold your banners High, High, High".

Hey Farewell!!! I feel really great that I had the opportunity to be your captain/sub-captain this year. A lot of times if there is no leader present, the house spirit may deteriorate. But Farewell is such an amazing house with such an unbreakable spirit that we made the year a successful one. Everyone got involved in the activities in her own way. Our air band at camping weekend was a blast!! The play, "Odd Couple" was fun and exciting to direct. Everyone helped a lot! I have been at Trafalgar for three years and this year was by far the best. I have seen the people in Farewell grow and change in many ways. We learned from each other's successes and mistakes. A special thanks to Jaclyn and Melissa and the entire AA. Without you guys I wouldn't have been able to overcome this challenge! I would like to send out a HUGE thanks to Heather!!! Even though you were always buried with work and responsibilities of your own, you always managed to somehow help me out. Thanks for being such a great house. Remember Farewell rocks!!

Hare House had another great year with lots of spirit and memories. We had "the time of our lives" with our air-band tribute to Dirty Dancing. *Large Fears, Little Demons,* our dramatic house play, was also a great success and loads of fun. And let's not forget the good times on activity day: the house swim meet (Miranda, Laura and Sandra!), track and field day (he he he, Go Hare!) And, of course, each and every house game. Thanks to Roxy, who made a great sub-captain, and Tishya, last year's captain, who showed me how it's done... with fun. I wish Miranda and Christina the best of luck next year as captain and sub-captain: you'll have a fantastic year. Keep on participating Hare House and remember, even when we don't win, we still outshine the rest!

Being Maxwell House Captain has been one of the best and most memorable experiences of my time at Trafalgar. I would like to thank each and every member of Maxwell House for making this year a wicked one! In the past year we have done so much to be proud of. We triumphed at Camping Weekend, we were the House Soccer Champions and we pulled together and made "Switching Places" the best House Play of the year. All of these accomplishments would not have been possible without ALL of you. It's amazing how the flu bug seemed to hit the entire house right around Floor Hockey time...! Next year it will be up to Jen and Angela to keep you in line. Try not to give them too hard a time. Good luck to you both. And what would a house message be without a HUGE thank-you to my Sub-Captain Kia James. Your enthusiastic house spirit kept everyone on her toes. Good luck next year as head of the A.A. Even though I won't be House Captain next year, don't think I'm not going to be super involved! You can't get rid of me that easily! Here's to a great year for Maxwell House and many more to come!

Many are called, few are chosen. Maxwell House

Your Captain Megs.

OUTWARD BOUND
By Allison McMurter

I learned a lot, especially about courage. That's what this course was about, "Connecting with Courage". I was on "home", meaning I had to set up the tents and help unload the packs. While we were doing that, other people were making dinner. The food on our journey was delicious! My favourite was the morning we made apple crisp cereal. I also loved the pear bars.

Every night we received a courage bead for our bracelets. On the first night our leaders, Kat and Scott, gave out the bracelets. They acknowledged something courageous we did that day.

The stars are amazing wit no light from the city to take away from them. The next day we woke up and canoed for two hours or more to the rock-climbing site. We climbed and rappelled for most of the day; it was the most fun I had on the trip.

One of the parts of the experience was solo time. During this three-hour period we were alone. We wrote letters, which will be sent to us six months from now. We wrote what we were and what we wanted to become. I was on a beach sitting on a fallen tree. Suddenly a little weasel creature scurried out of a hole on my tree about 30 centimetres away from me. After a scream of surprise, I realized the weasel was probably more frightened than I. I learned an important lesson from this; it's important to see all points of view before you can understand a situation. If I did this programme again, I don't think that I'd change much. We had a lot of fun. If I had any advice to someone about to take this journey, I'd tell her not to be upset by how different it is. None of us was used to no washrooms or spreading butter with sticks but if you can laugh at it instead of being upset by it, it's a lot of fun. I'd advise anyone to take this journey.

***Into the Woods*** *was written by Stephen Sondheim and James Lapine. It is a magical, imaginative journey that leads characters from Grimm's fairy tales through an adventure of a lifetime. The audience joins the characters on a journey to the darkened side of fairy tales as they explore the pain of growing up, communal responsibility and the values that parents pass on to their children. As the intricate plot unfolds, a childless Baker and his Wife, cursed by the wicked Witch, go off into the woods in hope of ridding themselves of her evil influence. They encounter Cinderella, her Prince, Little Red Riding Hood, the Wolf, Jack the Giant Killer, Rapunzel and other fairy tale characters who are all attempting to realize wishes of their own.*

May Day '98

The music begins, a drum beats steadily and three hundred and forty feet move to the beat. In perfect unison, with uniforms tailored to perfection, white shirts newly pressed, ties done in Windsor knots, blazers crisp, kilts pleated and swinging, blue knee socks tucked into polished penny loafers, our students begin their procession. They are divided as they walk proudly around the heart behind the banners of their houses and continue their march until they reach the center of the heart. Here they pause in perfect lines, ready to be judged, while our May Queen and her two counsellors fall out and take up their places of honour in the seats above the steps. Another May Day celebration is about to begin...please be seated.

# VALEDICTORY ADDRESS

Asha James

Good morning Mr. Briggs, Mr. Simms, faculty, family, students, and the graduating class of 1998. As I look out before me I see many proud parents thrilled with the accomplishments that their daughters have made. First I would like to say thank you. Thank you for giving us the opportunity to push ahead in our lives. Some of you may have been met with opposition when you first mentioned Trafalgar, but I can assure you that I have learned lessons here that I will carry with me the rest of my life. Those lessons lead me to those who have taught them, the teachers at this school. I have never met such a dedicated group of people. Dedicated to the school, dedicated to education, and dedicated to excellence. There is a poem, called "Comes the Dawn".

*After awhile you can learn the subtle differences between holding a hand and chaining a soul. And learn that love doesn't mean leaning and company doesn't mean security, and you begin to accept your defeats with your head up and your eyes open, and learn to build all your roads on today because tomorrow's ground is too uncertain for plans, and futures have a way of falling down in mid-flight. After awhile you learn that even sunshine burns if you get too much. So you plant your own garden and decorate your own soul, instead of waiting for someone to bring you flowers. And you learn that you really can endure...that you really are strong, and you really do have worth, and you learn and learn.., with every goodbye you learn.*

These are the types of lessons that are taught in this building. An education at Trafalgar goes much deeper than just books, it is filled with rich traditions and an exciting future and that is what I believe makes this school stand out from the rest. And it is for this reason that I urge the graduates to come back once in a while, in order to make sure that the features that make Trafalgar special and unique stay the same. We must uphold our valuable traditions and welcoming atmosphere and make sure that they are here for future generations. We can think of Trafalgar's past and future in terms of a song, make new traditions, but keep the old, one is silver and the other is gold. You can't step forward by forgetting the past.

To the prefects. I would like to say thank you. Thank you for your leadership and your friendship. I remember when I first met most of you. We were shy, timid young girls. We have all grown up with each other and now I see you as strong confident young women prepared to face whatever the world has to offer you. To the rest of the graduates I look at you and I see all attitudes and all styles. Through knowing each of you I have travelled the world twice over, without even leaving the school. Martin Luther King Jr. once said, "Whatever your life's work is do it well. Even if it does not fall in the category of one of the so-called big professions, do it well. A man should do his job so well that the living, the dead, and the unborn could do it no better. If it falls your lot to be a street sweeper, sweep streets like Michelangelo painted pictures, like Shakespeare wrote poetry, like Beethoven composed music; sweep streets so well that all the host of Heaven and earth will have to pause and shy, "Here lived a great street sweeper, who swept his job well.

If you can't be a pine on the top of the hill Be a scrub in the valley - but be the best little scrub by the side of the hill, be a bush if you can't be a tree. If you can't be a highway just be a trail, if you can't be the sun, be a star, it isn't by size that you win or fail - be the best of whatever you are.

To our honorary graduates Mrs. Jackson and Mr. Davis your years of service to this school will never be forgotten. I wondered what would be the best way to say thank you, and I came up with this poem,

*Everytime I needed a hand, you gave me yours.*
*Everytime I need an ear to hear me, you gave me yours.*
*Everytime I needed a friend, you were there.*
*Soon you'll be leaving this place, but I'll still think of you.*
*I will always remember your face, please remember mine too.*
*The memories we share, will stay with me always.*

I would like to leave you with a list of 10 things to take time for.

*1. Take time to Work - it is the price of success.*
*2. Take time to Think - it is the source of power.*
*3. Take time to Play - it is the secret of youth.*
*4. Take time to Read - it is the foundation of knowledge.*
*5. Take time to Worship - it is the highway of reverence and washes the dust of earth from our eyes.*
*6. Take time to Help & Enjoy Friends - it is the source of happiness.*
*7. Take time to Love - it is the one sacrament of life.*
*8. Take time to Dream - it hitches the soul to the stars.*
*9. Take time to Laugh - it is the singing that helps with life's loads.*
*10. Take time to Plan - it is the secret of being able to have time to take time for the first nine things.*

I wish all the graduates the best of luck in the future, and I hope that this is not good bye, but simply 'till we meet again.
